We are a leading world supplier of integrated processing solutions for customers in the area of pharmaceuticals, food processing, feeds and fine chemicals. Our products and services stand for reliability and quality worldwide. About 3,000 employees work for Glatt at more than 15 companies and offices all over the world.

For our Process Technology Pharma Division at our site in Ramsey, NJ (USA) we have an immediate opening for a

SUPPLY CHAIN MANAGER

Job description:

- Manage the procurement function for the PTP Division. Must understand technical issues and have the ability to interact with Engineers and Project Management.
- Create and track systems to ensure supplier performance along with negotiating optimal commercial terms.

Preferred skills:

- Bachelor's Degree or equivalent experience/certification required.
- Minimum of 5 years' experience in purchasing highly technical capital equipment, standard components and contractor services required.
- Experience in MS Outlook, MS Office and ERP/Accounting software necessary, Navision/Dynamics experience preferred.
- Must have excellent time management skills and the ability to excel in a fast-paced environment with multiple priorities.

We offer you the opportunity to practice this responsible and interesting job in a renowned company.

Qualified candidates may apply to: Glatt Air Techniques Inc., Human Resources, 20 Spear Road, Ramsey, NJ 07446, USA or via E-Mail to HR@glatt.com, www.glatt.com
