Complex technology integrated in a compact, attractive and functional design.

Unpack. Connect and coat!

Control – reduced to a maximum
Focusing on essentials. Clearly structured ergonomics for quick and intuitive control of all important functions.

Glatt Drum Coating Systems
For research and development

GC 1

Exchangeable drums
Drum size | Working volume
----------|------------------
0.8 l | 0.5 l - 0.8 l
1.6 l | 0.8 l - 1.6 l
3.2 l | 1.6 l - 2.5 l

Electrical power
Connector: 5-pole / 400 V 16 A
Operating voltage: 230 V
Frequency: 50 / 60 Hz

Compnaced air
Consumption: Max. 100 Nm³/h*)
Maximum pressure: 6 - 10 bar

Electric heating unit
Inlet air temperature: Max. 80°C

Dimensions
Height: 500 mm
Width: 1.250 mm
Depth: 760 mm

Weight
Total weight with 1.6 l drum: Approx. 120 kg

*) Typical consumption: 15 - 75 Nm³/h (Subject to technical alterations)

Glatt technology. Future today.
Technological expertise from Glatt gives you the decisive edge in a hard competitive environment by providing utmost efficiency, reliability and productivity. Innovative solutions for every field of our expertise.

**Making dreams come true!**

**For professionals: The new GC 1.**
*First-class coating for small batch sizes. The perfect laboratory unit for research and development.*

- Maximum effect – minimal effort! In research and development, every gram of product results in huge costs. Our GC 1 lets you produce batches as small as 100 g extremely efficiently.
- Feasibility tests – quick and easy! With its three exchangeable drums and special nozzle arrangement, the GC 1 is ready to start work immediately.
- Optional qualification package for clinical samples. All relevant materials are FDA compliant. The inlet air is HEPA filtered. The entire system is qualified. What more could you ask for?
- High quality processing in the very best Glatt tradition. At an extremely attractive price.

**Superior coating on a very small scale.**

**Optimal results in minimal time.**
*No time-consuming installation. Robust, reliable technology. The GC 1 eases your everyday work in the lab!*

- Effortless handling – simply ingenious. And ingeniously simple. The complete housing can be dismantled and reassembled for drum changes or cleaning in a matter of seconds.
- Wonderfully simple. And simply wonderful!

---

**Glatt GC 1 nozzle – small and fine**
ABC Technology® prevents deposits on the jet. Externally adjustable and positionable.

**3 exchangeable drums**
Optionally available with 1.6 liters, 0.8 liters and 2.5 liters drum.
